Sensory wall making competition

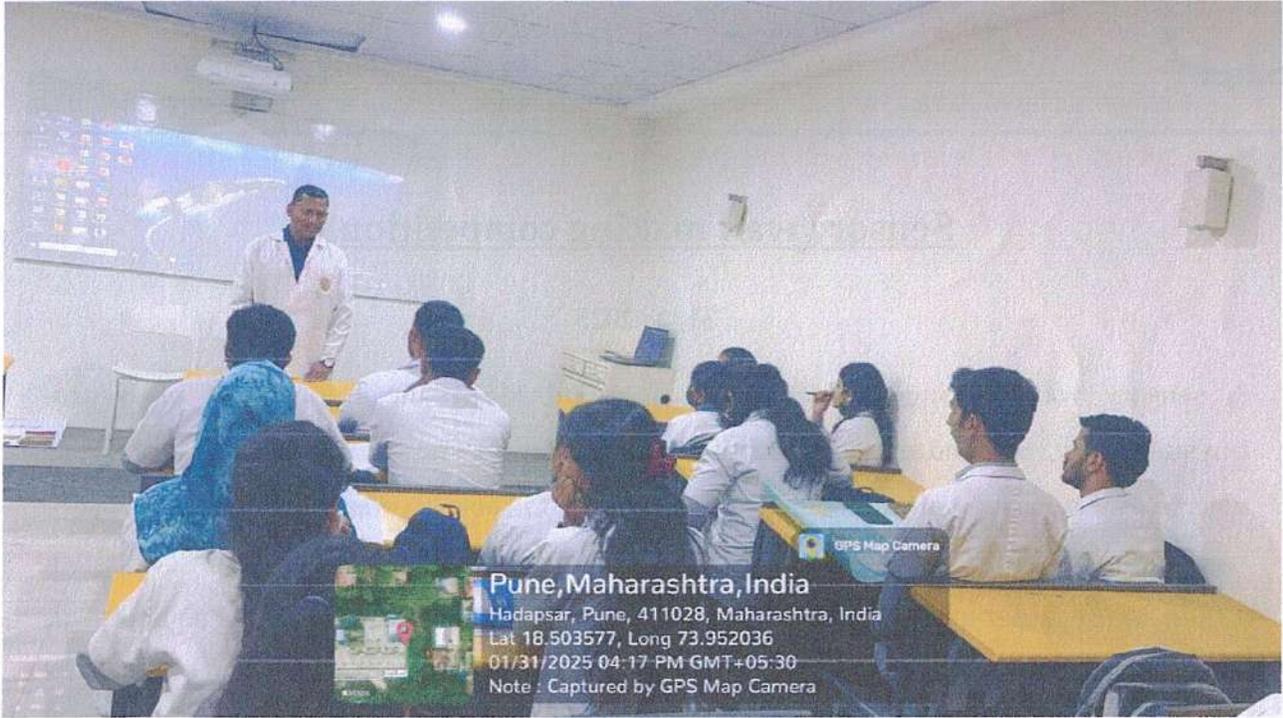

31/1/2025

A sensory wall making competition was organized by the Department of Neurophysiotherapy, St. Andrews college of physiotherapy, Pune on 31st January 2025. The objective of sensory wall making competition was to raise awareness about the sensory reeducation. Sensory reeducation is a rehabilitation technique that can help sensory deficit patients to regain sensory function by retraining the brain to process sensory signals. This is commonly seen in Stroke, Spinal cord injury, Cerebral palsy, Autism, Nerve injuries and attention deficit hyperactivity disorder.

Dr. Venkatesan R. delivered an informative session on the importance of sensory reeducation training in Neurorehabilitation followed by the competition of Sensory wall making for III BPTth, IV BPTth students. The students showed enthusiastic participation with creativity and innovative ideas.

The competition was Co-ordinated by Dr. Arwa Sinnarwala and Dr. Pooja Chungade under the guidance of Dr. Venkatesan R. (HOD, Department of Neurophysiotherapy) and Dr. Albin Jerome (Principal, SACOP). The competition started at 4PM, The program judged by Dr. Avani Thar, Dr. Poonam Naubade, Dr. Afreen Shaikh. Ms. Prajakta Labde of III BPTth secured the first position and Ms. Iqra Shaikh of IV BPTth and Ms. Anmol Yadav of III BPTth secured second position. The vote of thank was delivered by Dr Arwa Sinnarwala. The program concluded at 5PM.
